### THE WINE CELLAR IN THE CENTRE OF ALL ATTENTIONS

Real wine cabinet either for wine lovers or professionals, the wine cellar can now be installed directly into the living spaces.

Wine Master offers a complete range, more than 20 years of experience and thousands of realizations, an advanced design while ensuring a great discretion.

### SPLIT SP 40

#### THE NEW GENERATION

#### OF AIR CONDITIONER FOR WINE CELLAR

In order to answer to the requirements of glazed wine cabinets, Wine Master is launching a new range of air conditioner for wine cellars : SPLIT SP40.

Passionate wine lovers or professionals, your wine collection needs the most beautiful display for everyone to enjoy.

The Winemaster range has been built to provide most favorable cooling solution in the cellar of your dreams. Through constant temperature and controlled humidity, your wines grow up throughout the year in a wine cellar with preserved conditions even under extreme temperatures (minus 30°C to + 40°C).
